Programme**

Purpose

“In the final session we reflect on the implications of the scenarios we have envisaged for our future services and strategies. What actions should flow from this work?”

Desired Outcomes

- a) A “great discussion”
- b) A shared understanding of the insights from the project
- c) Exploring the options for change and the actions (and influence) needed
- d) Clear next steps, including personal action plans and an overall recommended Working Together Plan
- e) A sense of what this “coalition of the willing” could do to influence local priorities and action

Style and techniques

- *Returning to the present*
- *Informative*
- *Insightful and challenging group work*
- *Electronic voting to gauge strength of opinion*
- *Talk through the 'Journey Planner' poster to stimulate discussion and ideas*
- *Freedom to safely explore the necessary new behaviours through a mini simulation*
- *Agree recommendations for Working Together Plan - and individual plans*

Topics and timings

Summary

In the morning we will work through to actions in groups focusing on a large A0 poster of the thinking and work so far. We call this a Journey or Route Planner. After lunch, and a talk by Stuart Bell, there will be a mini-simulation to take the action and influence planning forward by thinking through (and experiencing) the necessary behaviours and new relationships.
